FLBP – Flexi-Van Los Angeles Basin Pool Begins May 1, 2015

Flexi-Van Leasing, Inc. is pleased to confirm that effective May 1, 2015, our new chassis pool **FLBP - Flexi-Van Los Angeles Basin Pool** will commence operation within the Pool of Pools.

The many changes occurring in the LA Basin have offered **Flexi-Van** the opportunity to continue to service our customers under our new **FLBP – Flexi-Van Los Angeles Basin Pool**. FLBP will continue to participate in the Pool of Pools and no changes are required by any of our customers as the transition will be seamless.

Although the ‘LABP’ will no longer exist, all existing valid motor carrier contracts for Flexi-Van under LABP will be automatically expanded to include the scope of the FLBP so no additional sign-up is required and our customers can continue take advantage of the Pool of Pools with its increased chassis fleet utility and the expanded set of stop/start locations under these contracts. Please refer to below for a list of these locations.

Meantime, please visit our website for more information regarding “Pool of Pools” operation and Flexi-Van usage agreements www.flexi-van.com

With sincere thanks and trusting that all our customers will enjoy benefit from this change,

Flexi-Van Leasing, Inc.
